Traders Mixed in Views With Resultant Irregularity, But Early Changes Small.

NEW YORK. Oct. 7.—Mixed buying and selling orders, chiefly in rails and cils, accounted largely for the further irregularily of prices at the opening of today's stock market. An early gain in Southern Pacific of 1% was offset by a loss of as much in Royal Dutch. Texas Pacific, resterday's weakest feature, railled slightly at the ousel, only to fall back almost immediately, while Reading gave promise of extending its recent advance. Crucible Steel, Baidwin Locomotive, American Tobacco and Retail Stores were among the other firm to strong issues.

General Electric, Westinghouse and Harvester were under fire at midday with shippings, losing 1½ to 4 points, Rails continued to admine. Texas & Pacific retrieving more of vesterday's decline with pronounced strength in Reading, Wheeling & Lake Eric, preferred, and Western Maryland second preferred.

The closing was irregular. Sales approximated 750,000 shares.

Sellers Cautious. CHICAGO, Oct. 7.—Fresh strength developed in the wheat market today, with lack of selling pressure rather than any great buying apparently responsible. Opening prices, which varied from 1½c off to a like advance, with December \$1.99@2.01 and March \$1.96@1.87½, were followed by material gains all around. Corn firmed up with wheat, starting at 1c decime to ½c advance, with December \$6.5a.87½c, and undergoing a slight general sag, but then rising well above yesterday 5 finish. Lais reflected the strength of other grain. The opening ranged from ½c@ bigher, with December at 55% \$5.5c, and there were further upturns later. Higher quotations on hogs helped to lift provisions.
